The **greensharecar™** network offers members use of a fully insured new car, serviced and maintained in peak condition.

All **greensharecar™** vehicles are equipped with world leading Car Sharing technology ensuring it is a hassle free experience for everyone involved.

How **greensharecar™** works

Join online and begin driving within days.

It's easy. All you need to do is decide on a plan that suits you. Once we've approved your online application, an information booklet will be provided which includes your personal SmartCard.

As a member you'll have convenient, 24 hour, and self-serve access to our cars.

You can book any time, day or night, and up to a year in advance, or at the very last minute, for as little as an hour, or days at a time. To book your car just go online, or call us between 9.00am-5.00pm.

When you join you'll receive a SmartCard, which gives you access to all cars.

The car will be waiting at the location you booked. Simply swipe your SmartCard across the card reader on the windscreen to access the car and you'll be on your way in seconds.

Once you have unlocked the car, it's entirely up to you where you take it.

When you have finished, simply bring the car back to the same spot. Drive as often or as little as you like. Your credit card will be charged on the day of your trip and any additional amounts or credits will be applied to your account at the end of our billing cycle.

Each month you will receive an itemised statement with the time and distance you've driven, it will outline all the various charges and credits for the previous month.
